The +40 *Cacao Tree To Be Planted* SunMint liability is untouched: the planting obligation rides with the goods and becomes **due** on delivery — it is not retired here.

The USD 764.50 cash (wholesale proceeds INV-20260911-BP, less the 35.50 fee) stays with the DAO as an Asset — it is **not** moved by this delivery event and will need separate equity/distribution treatment.
